

*A statement  
of style*

Exclusive both in name and in design, this collection combines superb white lacquered oak veneers and transparent frosted or smoked grey glass with impeccably finished metal structures.

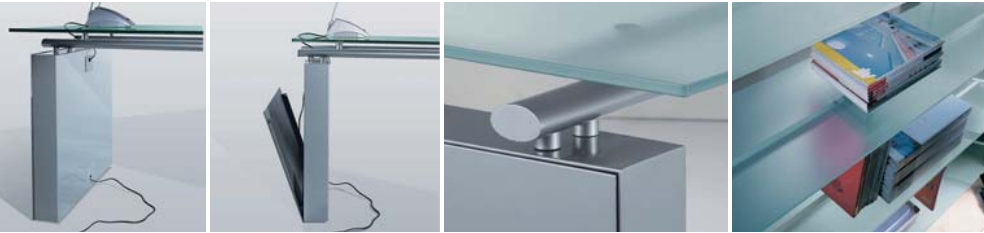

Design by Thierry Jacotet

**Exclusive Prestige**  
White lacquered oak veneers create  
a modern and progressive image.

# Exclusive

For prices, optional extras and technical specifications, see separate price guide, pages 119 to 123.

# Executive Furniture

**Exclusive Diamant**  
 Transparent glass in a clear frosted or smoked grey finish allows the user to fully appreciate the perfect lines of the metal support structure.

For prices, optional extras and technical specifications, see separate price guide, pages 119 to 123.

2 choices of finish for legs

3 choices of finish for cupboard shells

2 choices of finish for glass doors and shelves

## Product description

- made from particle board, density 650 kg/m<sup>3</sup>;
- the particle board is overlaid with a sheet of oak veneer, 7/10 thickness, and then stained using an environmentally friendly water-based colouring agent and covered in 3 coats of polyurethane varnish (desktops) or 4 coats of UV varnish (other components);
- 1 wood veneer finish, oak;
- wood "ecologically certified" by the PEFC, in recognition that all or a proportion of the timber used is sourced from sustainably managed forest. Our tops are made from material certified to PEFC standards;
- particle board classified as E1 in accordance with the NF EN 717-2 standard (control of formaldehyde emissions);
- fire safety classification: in accordance with the NF EN 13501-1 standard, particle board 18 mm and above in thickness is classified as M3 (combustible, moderately flammable).

### Prestige wood veneer tops

- 26 mm thick;
- covered in a white lacquered solid oak veneer, 7/10 thickness;
- straight edges covered in a solid wood veneer, 15/10 thickness.

### Diamond glass tops

- Securit toughened glass;
- polished flat seams;
- rounded corners;
- 12 mm thick;
- 2 choices of finish: transparent glass with frosted underside or factory-stained transparent smoked grey glass;
- high gloss finish.

### Legs

- metal legs complete with mouse grey or white metal panels covering the lower 2/3 of the surface;
- removable upper and lower hook-on panels;
- cable ports cut into the inside surface of legs;
- cables and trailing sockets can be stored inside the legs;
- stabilizer feet, adjustable through 15 mm.

### Support structure

- in the form of 2 metal tubes of 60 x 35 mm elliptical section (20/10 thickness);
- in an aluminium grey finish;
- the tubes are attached to the desktop by means of conical braces, ø 40 mm, H. 19 mm;
- desktops and barrel meeting table tops rest on the conical braces and suction cups;
- extension units are attached to the structure by means of traversing circular braces and screws;
- wood veneer desktops are attached to the structure by means of metal inserts;
- glass desktops are attached to the structure by means of traversing nuts complete with protective washers.

### Cupboards, tower units and credenzas

- melamine shells and shelves in an aluminium grey, graphite grey or white finish;
- doors, decorative tops and side panels covered in a wood veneer to match the desks;
- Securit toughened glass doors, 4 mm thick, in 2 choices of finish: transparent frosted glass or factory-stained smoked grey glass. Aluminium frames;

- high cupboards are fitted with a fixed shelf. Other shelves adjustable at 32 mm intervals;
- doors are fitted with metal handles in an aluminium grey finish;
- high cupboards have 3 point locks, medium and low cupboards have 1 point locks. Glass doors are not lockable;
- when fitted with optional metal shelves, high cupboards will hold 5 rows of suspension files;
- width 80 cm, depth 42.6 (or 40.7 cm without doors).

### Cable management

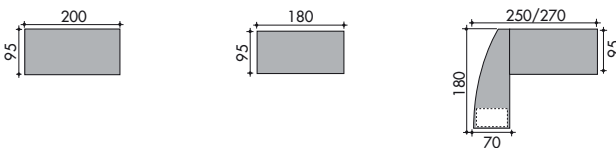

- horizontal and vertical: optional.

### Maintenance

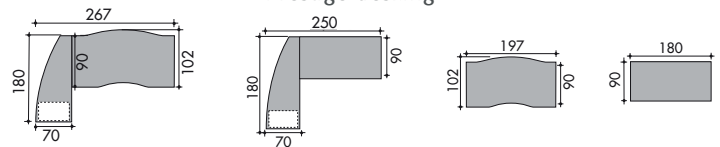

- wipe in the direction of the grain using a soft damp cloth.
- avoid products which contain solvents. Being a natural product, wood veneers may appear to vary in colouring and pattern, particularly when viewed at different angles to the grain and at different angles to the light.
