Product description

Mechanism

- wide angle synchro mechanism, lockable in 5 positions and adjustable in tension according to the weight of the user;
- backrest reverse lock safety mechanism;
- seat height adjustable through 100 mm by means of a gas lift mechanism;

Structure

- cold formed tubular steel arm and backrest structure, with elasticated support bands to provide greater user comfort;
- designed to provide maximum support, the seat structure is made from rigid, hard-wearing polyurethane and protected by a sub-frame in injection-moulded black polystyrene;
- fixed arms incorporated into the backrest design.

Base

- 5 point star base of flattened design in polished aluminium (SQ) (chrome effect);
- free-rolling black polyamide castors, ø 65 mm.

Padding

- seat: cold-moulded, flexible, non-deformable polyurethane foam, density 70 kg/m³, 70 mm in thickness;
- backrest and arms: cold-moulded, flexible polyurethane foam, density 60 kg/m³, of variable thickness.

Covering

- upholstered in high quality corrected grain leather on the inside and simulated leather on the outside;
- 9 choices of leather colour, including black or taupe from stock, and chocolate, ivory, white, graphite grey, cognac, brown or red on request.

Berline conference chair

- fixed point automatic return mechanism;
- cold formed tubular steel arm and backrest structure

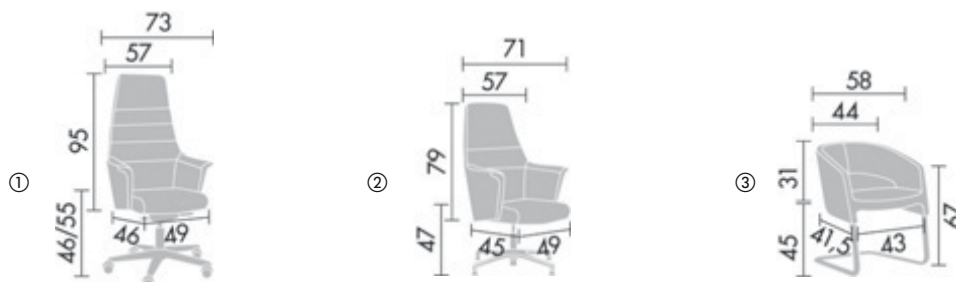

with elasticated support bands to provide greater user comfort;

- corrected grain leather upholstery in a choice of 9 colours (as described for the executive chair);
- polyurethane foam padding (as described for the executive chair);
- 4 point star base of flattened design in polished aluminium (SQ) (chrome effect), complete with non-slip glides.

Berline visitor chair

- one piece internal structure with elasticated support bands to provide greater user comfort;
- corrected grain leather upholstery in a choice of 9 colours (as described for the president chair);
- polyurethane foam padding (as described for the executive chair);
- hard-wearing, cold shaped tubular steel cantilever base in a chrome (SQ) finish.
