Product description

Mechanism

- synchro mechanism, lockable in 5 positions and adjustable in tension (by means of a lever at the side) according to the weight of the user;
- backrest reverse lock safety mechanism;
- tiltable headrest;
- seat depth adjustable through 60 mm;
- backrest support frame made from polished aluminium (chrome effect);
- integral lumbar support, adjustable in height through 60 mm;
- seat height adjustable through 100 mm by means of a gas lift mechanism.

Structure

- seat: impact-resistant injection-moulded black polypropylene, with internal structure made from black polypropylene with metal reinforcement bars;

- backrest: impact-resistant injection-moulded black polypropylene, with button for pull-out coat hook (internal structure identical).

Arms

- 3D arms made from black nylon with tops in soft polyurethane;
- adjustable in height through 80 mm and locked into position by means of a push button mechanism;
- armrests adjustable in depth through 50 mm in a rear or forward direction and adjustable in direction through 25°.

Base

- 5 point star base in polished aluminium (SQ) (chrome effect), ø 690 mm;
- free-rolling castors, ø 65 mm.

Padding

- seat: cold-moulded, non-deformable polyurethane foam, 50 mm in thickness and of variable density;

- backrest: cold-moulded polyurethane foam, density 55 kg/m³, 30 mm in thickness.

Covering

- corrected grain leather;
- 8 choices of leather colour, including black or brown from stock, and graphite grey, red, white, chocolate, cognac and ivory on request - please allow 4-6 weeks for delivery.

Yours visitor chair

- hard-wearing tubular steel cantilever base in a chrome (SQ) finish;
- seat and backrest padded with cold-moulded polyurethane foam;
- corrected grain leather upholstery;
- available in 8 colours (as described for the executive chair).
