PROJECT: United Wholesale Grocers Ltd – Executive Furniture

OFFICE FURNITURE | INTERIOR PLANNING & DESIGN | OFFICE MOVES

Solutions 4 Office Ltd

Glasgow based United Wholesale Grocers Ltd needed an executive desk range with a modern touch but suitable for a busy working environment.

“Solutions 4 Office recommended a modern and stylish large executive desk with matching storage. The durable surface made it a good practical choice and the clean linear design looked very contemporary. They were able to deliver and install all the furniture in Glasgow within days. The whole process was straightforward and well organised by Solutions 4 and we would recommend them to prospective clients.” Kamran Javed, Financial Controller

CLIENT: United Wholesale Grocers Ltd

LOCATION: Glasgow

Cost Effective Executive Furniture

The range promoted was the Solutions 4 Executive K-series manufactured from a high density balanced fibreboard to give a 38mm thick top which is heat and scratch resistant. This provides a senior management style without the cost implications of real wood veneer. It is incredibly practical and the surface is unmarked by hot coffee cups and minor abrasions

The choice of 3 standard finishes delivered and installed anywhere in the UK within 10 days makes this range a great choice for the executive furniture market. Importantly the cost is well within most budget expectations.
